

Club Uniform Policy

The teamHOTHAM uniform comprises the SPYDER ski jacket with yellow trim and detail, which displays the club sponsors and (any) black ski pants.

All athletes participating in part-time, part-time+ and full-time programs are required to wear this uniform on all training and race days.

TeamHOTHAM athletes are also expected to wear teamHOTHAM branded uniforms when receiving awards or recognition and during any presentation or event an athlete has been invited to, where they represent the club.

All (new) enrolments for 2018 programs (excluding school holiday; HOTM, and FIS single days) include a ski jacket in the program fee.

The uniform provides a great sense of identity on the mountain. To provide maximum value for our sponsors and to project the most professional image of our club, members are requested to wear the (SPYDER) teamHOTHAM jacket where possible.

'Old- Style' club jackets are no longer accepted as part of the full or part time program uniform. These jackets should only be used as a school-holiday program jacket or as secondary jacket in inclement weather conditions only.

Wearing the teamHOTHAM jacket assists the club to retain and gain sponsors. Our sponsors are an important part of our club and help us to maintain the highest standard of facilities.

Members of the club, not participating in a program can purchase on-line from the shopping cart, which also includes a full range of teamHOTHAM apparel.
